ADMINISTRATOR'S SALE

Now is the time to save expenses on shrubs, trees, plants, etc., during this great Administrator's Sale. In order to do this, we are making tremendous price reductions. Buy now and save as much as half on your nursery needs. Now you can afford to buy shrubbery you have always wanted—don't delay. Send in your order today.

ASTONISHING REDUCTIONS ON EVERGREENS

At these new low prices you cannot afford to go without Evergreens. They will all be dug with a firm ball of earth, and carefully tied in burlap, so that there is practically no chance for loss. We have shipped these as far as Massachusetts without loss.

Compare these prices with our last year's prices, printed with descriptions, pages 51 and 52 of our catalogue, and you will find the lowest prices at which such Evergreens are offered anywhere in the country. Evergreens can be shipped by express in crates, but must be boxed to go by freight. Boxing, for freight shipping, will be charged at cost.

EVERYBODY CAN HAVE EVERGREENS AT THESE PRICES

Beautify your home by planting our dwarf Evergreens around the foundations. Our free book on "How to Landscape Your Grounds With Evergreens" is yours for the asking, and we shall be glad to help you make selections if you will send us a Kodak picture of your house.

How we measure Evergreens, when the prices are figured by the inch or foot. To figure the cost of upright Evergreens measure from the ground to the top, on the spreading forms measure across the widest way, and then the narrowest, add the figures and divide by two; this will give you the average measurement.

INSTRUCTIONS FOR ORDERING

Write your name and address CAREFULLY, it is even better to PRINT. Some names are hard to read. Give directions as to whether you wish us to ship by freight or express. Our stock is packed so that it will keep for several weeks. Use botanical names of plants on your order.

WE PAY DELIVERY CHARGES AS FOLLOWS

We pay the delivery charges on orders of \$2.00 and over on HARDY PLANTS, ROSES, and Vines, to any point in First to Fourth Zones; if outside this range send 10 per cent above the cost of plants with your order, and we will prepay the postage and return any surplus. This is usually cheaper than having plants go by express. SHRUBS, TREES, and EVERGREENS will be sent at purchaser's expense.

"MADE IN COLORADO" STOCK

It will be to your advantage to plant our Colorado Grown Stock, as is is acclimated and suited to western conditions. Our prices are as low as any, delivery will cost you little, if anything; whereas in buying from the east you will have to pay the express, which will sometimes double the original cost of plants.

PRICES

Our prices are for the best stock that can be grown. The Stock is guaranteed to reach you in good growing condition.

OUR GUARANTEE

We send out only plants that are in good, healthy, growing condition, and guarantee them to reach you in that condition. If you are not satisfied with them when received, write us or return them to us AT ONCE and we will send others in their place, or return your money. We do not hold ourselves responsible for your success in growing the plants—they will grow if properly planted and given reasonable care, so no complaints can be entertained unless made immediately upon receipt of the stock.

TERMS

Please send money-order or check with order. Customers known to us may pay for stock UPON ITS ARRIVAL. We do not carry monthly accounts, but will expect a check for any stock bought within a week of its shipment.
